RE: Serial No. 10/571,740, Nutritional Supplement and Protocol, by Ralph Cowden et al.

Total no. of pages being transmitted (including cover page): 10

Please call Seth @ 808 523-8894 if you experience any difficulty receiving this transmission.

REMARKS: As per your voice message of earlier today, I am providing via facsimile copies of all pages of the declaration signed by all inventors as well as clearer copies of all pages of the same declaration signed by only some of the inventors. These are the clearest copies of the document in my possession. It appears that the legibility of the second signature page of the declaration has been compromised by having been circulated by fax to the three inventors whose name appear on that page.

Although the text on this page may be difficult to decipher, when all the pages are considered together I believe it is possible with some effort to discern each of the words on the document.

Please contact me if you need anything further. Your assistance is greatly appreciated.
